In case of siblings who want to participate, the second or third one will get a discount of 50%. This is only valid up to an age of 20 years. This rule does not apply to course prices

Arrival: Grenchen can be reached by train easily. Two train stations exist: Grenchen Nord (north) and Grenchen Süd (south). The Org is in a walking distance of three minutes from Grenchen Süd and ten minutes from Grenchen Nord.

Prices: For students of the Rons Org Grenchen the Next Gen week is free of charge. Students from other orgs pay 150.-CHF (per week) or 30.-CHF (per day). Food and recommendation are not included.

Accommodation: We can offer some affordable accommodations within a walking distance and with cooking facilities. Those offers are limited, thus it would be great if you would enrol as soon as possible. Otherwise we could help you to find an B&B or a hotel.

Course: During this trainings week all course and hard-trs will be delivered. OT-levels after prior consultation. Study materials like course packs, dictionaries, demo-

kits and books you have to bring yourself. Regarding OT-packs the pre-OT has to arrange with the center. Each pre-OT is responsible for the security of the materials.

General: Grenchen is located near a river and a nature protection area. The small city is placed at the foot of the Jura Mountains. This implies a good opportunity for outdoor activities.

Application: Please send your application to Melinda Hauri. Your application is definite and can not be cancelled on month before the start of the trainings week. In case of annulation a fee of CHF 100 will be charged.
